

ACATIS GANÉ VALUE EVENT FONDS UI

AS OF: APRIL 30, 2014

Global balanced fund, flexible

MARKET COMMENTARY

The fund price rose by 0.7% during the month of April. It has gained 3.3% since the beginning of the year. Nemetschek and Grenkeleasing offered excellent quarterly profits during the reporting month, which grew by 37% and 26% compared to the previous year. MunichRE and Nestlé generated high dividends. We used the strong price gains at McDonald's to reduce our position. Following Vodafone's announcement of the take-over of Spanish cable network operator Ono (which we were expecting), we expanded our position in Nara Cable Funding, the Ono financing company, in order to collect the remaining arbitrage yield until the early redemption of the bond. We also increased our position in Emma Delta Finance following positive numbers and a promising outlook for the Greek lottery and betting provider OPAP.

INVESTMENT OBJECTIVE AND - PHILOSOPHY

In the selection of the fund's positions the philosophy of value investing is combined with an "event-driven value" approach. The aim is to reduce fundamental risks in the selection of the fund's positions by focusing on companies with strong business quality. By business quality the management means business models that stand out for their sustainability, the ability to defend an existing competitive advantage and the capacity to generate high free cash flows. The portfolio is diversified through various types of event and different holding periods. Interest paper and bonds can be added to the portfolio.
