

ACATIS GANÉ VALUE EVENT FONDS UI

AS OF: NOVEMBER 30, 2016

Global balanced fund, flexible

MARKET COMMENTARY

The fund price gained 0.7% in November. It has declined by 0.4% since the beginning of the year. During the reporting month, Hermès reported sales growth of 10% for the past quarter. LVMH announced the buy-back of treasury securities at a volume of EUR 300 million by 31 December 2016. Starbucks delivered excellent growth and a positive outlook for the coming year. In the case of Chipotle, we used the much higher share price and significant foreign currency gains to reduce our holding. Instead, we increased the positions that tended lower during the course of the month (Coca-Cola, Grenke, Microsoft and Nestlé). Our bond portfolio continued to show itself immune to expectations of rising inflation and possible interest rate increases. The fund allocation is comprised of 73% shares, 24% bonds and 3% liquidity.

INVESTMENT OBJECTIVE AND - PHILOSOPHY

In the selection of the fund's positions the philosophy of value investing is combined with an "event-driven value" approach. The aim is to reduce fundamental risks in the selection of the fund's positions by focusing on companies with strong business quality. By business quality the management means business models that stand out for their sustainability, the ability to defend an existing competitive advantage and the capacity to generate high free cash flows. The portfolio is diversified through various types of event and different holding periods. Interest paper and bonds can be added to the portfolio.
