

ACATIS GANÉ VALUE EVENT FONDS UI

AS OF: DECEMBER 31, 2013

Global balanced fund, flexible

MARKET COMMENTARY

The fund price declined in December by 0.4%. Over the entire year, there was a value increase of 8.4%. Since the fund was launched in 2008, the fund's management was able to prove itself in different market phases and complete each full calendar year with a profit. On the basis of a flexible allocation of shares, bonds and liquidity, value growth of 93.8% and a low volatility of 7.8% were achieved p. a. There are some attractive bonds despite the current low interest rates. After the EU approved the sale of the sound insurance division as a prerequisite for the nationalisation of the Dutch SNS REAAL in December, we can reckon with the first call of the bond of the SRLEV insurance subsidiary in the year 2021. Due to an expected return of 8% p.a., we extended our position over the turn of the year.

INVESTMENT OBJECTIVE AND - PHILOSOPHY

In the selection of the fund's positions the philosophy of value investing is combined with an "event-driven value" approach. The aim is to reduce fundamental risks in the selection of the fund's positions by focusing on companies with strong business quality. By business quality the management means business models that stand out for their sustainability, the ability to defend an existing competitive advantage and the capacity to generate high free cash flows. The portfolio is diversified through various types of event and different holding periods. Interest paper and bonds can be added to the portfolio.
